

Lab 12

V1.2

Tasks

1. On Presentations (this PPT)
2. * Signup for presentations (at end of this PPT)
3. * Survey (25 minutes)
4. How to promote your product

* The teacher in your section decide whether to do signup for presentation or survey first.

Presentation

- Presentation for each team is **12 minutes** long, including the 2 minutes live demo.
- Each student must speak for at least 1 minute.
- Teacher will stop the presentation if it's too long.
 - Practice your presentation to make sure it fits the time limit.
- After your presentation is over, there will be a **2 minutes Q&A**.

Presentation Contents

- Your presentation includes
 - Slides for **Software Engineering**:
 - Things covered in SE class,
 - Process, diagrams, models, design, techniques and methods used in software development, etc.

Presentation Contents

- Your presentation includes
 - Slides for **Advanced Workshop**:
 - Promote the software
 - Main features of the software
 - Benefits from using the software
 - User-friendliness (show, don't just say)
 - Things related to your code, such as the framework or AI you use.
 - If you use AI (or any framework), the requirements listed for SE must be satisfied.

Suggestion

- It's a challenge to include all important materials in a 12 minutes presentation.
- Suggestion:
 - Put all important diagrams, models, features etc. in your slides.
 - They can be small, if need be, but you claimed you have done them.
 - Choose an import part, make that part **big** in your slide(s) and use **enough time** to explain that part clearly.
 - If you explain the important parts well, the audience would believe you have done the other parts correctly.
 - Be prepare in Q&A; the teacher might ask you to explain another part or another diagram you've listed but didn't explain.

Suggestions

- Don't waste time on basic stuff belonging to other classes.
 - Basic login (learned in SWDW),
 - Basic DB and SQL (learned in DBMS),
 - Basic coding (learned in programming classes).
- You can mention in a bullet or so that you've done those without spending much time explaining them.

Presentation Contents

- Live Demo
 - Around 2 minutes long, at the end of presentation.
 - Shows your code behaves as stated in your presentation slides,
 - Should be designed carefully so that
 - The code runs smoothly and won't crash,
 - The most important features are demonstrated.

Recorded Demo

- Each team must also make a **recorded demo**, running all the **important features** of your code.
 - Save as MP4 file, with a maximum length of **10 minutes** long at normal speed.
 - Explain what is happening with your voice as you run your code.
 - Please see the checklist for more.

Oral Presentation Assessment

Advanced Workshop

Features Intro	15%
Slides design	15%
Presentation	20%
Live Demo	30%
Responsiveness	10%
Time management	10%

Software Engineering

Slides content	30%
Slides design	20%
Slides organization	10%
Slides presentation	20%
Responsiveness	10%
Time management	10%

- From the SE and Adv Workshop **rubrics** for **Oral Presentation**.
- **Recorded demo** is part of **Programming – Function implement**.

Presentations Submissions

- **Presentations** will be made on **Tue 26 May to Thu 28 May**.

- Sign up with the teacher in your section.

Submissions are due on **Thu 28 May 11:55 pm**. Team leader please submit in iSpace

1. Your team's PPT,
2. The final version of your code,
3. Your recorded demo,
4. Filled out checklist of your recorded demo.

Presentation Order for **Section 1** (Judy)

Date	Time	Max # Groups	Groups

Specific Notes for Section 1

Presentation Order for **Section 2**

Meng Tianhuai

Date	Time	Max # Groups	Groups
		3	
		3	
		3	
		3	

Specific Notes for Section 2

Presentation Order for **Section 3** (Jefferson)

Date	Time	Groups
Wed May 27	11:05 – 11:50	C09 C06
Thu May 28	9 – 10	C08 C07
Thu May 28	10 – 11	C01 C02 C05
Thu May 28	11 – 12	C04 C10 C03

- Presentation order is not guarantee within each time slot.
 - Be ready to present anytime within your time slot.
- Everyone must attend half of the presentations.
 - Must attend 5 other presentations in addition to your own.

Specific Notes for Section 3

- At the start of your presentation, please give the teachers **2 printed copies** of your **PPT**
 - You can print 2 slides on each slide of paper, for a total of 4 slides per page.

Survey Instruction

- Put your bags and cell phones in the front or back of the classroom.
- Team leaders sit in the front rows away from your team members.
 - You will evaluate them, and they will evaluate you.
- You have 25 minutes to complete the survey.

How to promote your product

- How_to_promote_a_product.pdf
 - Document is available on iSpace
 - Teacher explains the document
